

At the Pune Convention of IRF, hosted by the Maharashtra Rose Society, Gold Medals were presented to Mr. Sekar Datta of Kolkatta (Vijay Pokarna Gold Medal), Mr. Arun Patil of Pune (Gurubaksh Singh Gold Medal) Mr. Rakesh Shrivastava of Jemshedpur (Gurubaksh Singh Gold Medal) and Mr. Sanjoy Mukherjee of Kolkatta (Vijay Pokarna Gold Medal).

Hearty Congratulations.

Pune Convention was a big show of 2016 for Rose lovers, as though Pune is famous for roses and I was encountered with some of great variety of roses coming from different parts of our country, Myself and Sanjoy Mukherjee were appointed in the panel of judges, a great opportunity and experience of judging the roses at the Convention, the best and most convenient part was that in judging we followed the American system of judging going by points and taking into consideration the overall position of the bloom, a very fair and genuine method, it becomes impossible for anyone to over - rule the decision of this point based system, the most tedious part of choosing and selecting the best rose of the show in all sections for King, Queen, Prince and Princess etc. In a nut shell it was a joyous moment and a great experience judging those lovely beauties on the show bench, a moment which will always be implanted in my memories.

Rahul Kumar, New Delhi.
